HEALTH OFFICER'S REPORT - 1957

January 15, 1958

The year 1957 was primarily concerned with an attempt to cooperate in the Polio Foundation's desire to see all children, ages 1 - 19, immunized with the Salk vaccine.

It is my belief that most pre-school and school children in New Hampton have received at least one Polio injection either by their family physician or at the State Polio Clinics, probably in excess of 85%. There were three such clinics where 70 injections were given. There is a noticeable lag in 3rd or Booster injections and in immunization of any type in the teenagers of this town.

In October, an Influenza-like illness struck The New Hampton School and crippled all activities. It is my belief that relatively few individuals of the community contracted this illness.

Along with the Public Health Service and the American Medical Association and State Health Department, I urge all individuals to obtain Asian Flu injections in order to protect them against new waves of Influenza expected later this month, and to finish the Polio immunizations.

No Pre-School Toxoid Clinics have been held this year; but, such clinics are planned for early 1958.

WILLIAM C. WALSH, M.D.

**ANNUAL REPORT OF THE
SUPERINTENDENT OF SCHOOLS**

To the School Board and Citizens of the New Hampton
School District:

I herewith submit my fourth annual report as your
Superintendent of Schools:

Personnel Changes

Mr. Paul B. Kilmister was employed as principal and teacher of grades 6, 7 and 8, to replace the position of Giles Low who left to accept a commercial position. Mr. Kilmister is a graduate of Colby College and has taken graduate work at the University of New Hampshire. He has taught in New London.

Mrs. Ruth Joyce will replace Mrs. Nancy Lamb in the half-time position sometime this spring. Mrs. Lamb, who has taught during morning hours, has been a valuable addition to our staff. Her assistance has enabled the principal to handle bookkeeping of the School Lunch Program, have pupil conferences, plan youth activities, do remedial work and supervise teachers. Mrs. Joyce is a graduate of Keene Teachers College, and has taught in Moultonboro and Ashland, New Hampshire.

School Budget

The School Board's Estimate for 1958-59 is \$72,-583.01. The estimated expenditures for the current year are \$67,421.46. The increase is largely due to changes in salaries and increases in tuition rates.

Teachers Salaries

Beginning teachers from Keene and Plymouth Teachers College are requesting \$3,500. This is \$300 more than the average beginning salary last year. In order to keep experienced teachers in our system, we must continue to give sizable increases.

Tuition Rates

The following 1958-59 tuition rates have been established:

	High School	Jr. High	Elementary
Bristol	\$350	\$220	\$220
Ashland	350	250	220
Laconia	376	300	199

Enrollment

The enrollment for the New Hampton Community School is 113. The Census figures show that we will probably have an entering class of 21 next year. The School Board has included in their Budget a request for an additional staff member to work in the cafeteria-auditorium area. If all of our present teachers remain, the assignment of pupils to teachers for 1958-59 will be approximately as follows:

Grade	1958-1959 Enrollment	Teacher
I	21	Sirrinc
II	18	Tatham, Red School
III	7	
VI	15	Hall
V	14	
V	13	Teacher X, Auditorium
VI	17	
VII	14	Kilmister
VIII	12	

Helping Teacher

The School Warrant this year includes an item on the appointment of a helping teacher for the four towns in the Supervisory Union No. 18. This is being recommended in order to give special attention to supervision of instruction and the improvement of elementary courses of study. The need for such a position has grown in recent years because the typical Superintendent of Schools has to devote nearly all of his time to school buildings, school building maintenance, preparation of budgets, school board meetings, employment of teachers, supervision of school lunch programs, supervision of transportation, supervision of nurses, etc. The addition of this position would create a stable plan for the supervision of teachers and the general improvement of instruction.

The salary of a helping teacher would be approximately \$5,000 for an eleven month year. In addition, a travel allowance of approximately \$500 would be required. The State requires that all helping teachers have a Master's degree. The reimbursement of \$2,500 from the State Board of Education means that the net cost to four towns in the Union, would be approximately \$2,500. If we are able to hire a person at the above salary figure, the cost to each school district would be as follows:

	Salary	Travel
Franklin	\$ 1,866.50	\$ 373.30
Hill	105.25	21.05
New Hampton	264.75	52.95
Sanbornton	263.50	52.70
	<hr/>	<hr/>
	\$ 2,500.00	\$ 500.00

At this writing the School Board is considering an item in the Warrant for the appointment of a Building Committee to proceed as rapidly as possible for planning an addition to the New Hampton Community School.

I wish to express my appreciation to the School Board, and school staff, and the people of New Hampton, for their cooperation and support during the last school year.

Respectfully submitted,

RICHARD A. MARTIN
